Drop in deaths and injuries on our roads

By SAM CHADDERTON

Lowest level for 30 years

The number of people being killed, or seriously injured, on Lancashire roads is at its lowest level in 30 years.

Despite high-profile incidents, including the hit-and-run death of Freda Holt, 70, in Blackburn; and Thursday's double fatal smash in Marsden Road, Burnley, which killed Accrington teenagers Kasier Hussain and Sajad Khan, figures have fallen.

Lancashire Constabulary was told to improve its road safety figures by a recent HMIC report. And during 2010, 798 people were killed, or seriously injured, compared to 852 in 2009. There has been a year-on-year decrease since 2006.

Superintendent Peter O'Dwyer said: "One person killed, or seriously injured, on our roads is one too many. We are not complacent and are working hard to reduce this figure even further. These figures do, however, highlight a significant improvement and suggest the county's roads are now the safest they have been in years."

The force regularly runs Operation Pathway, which uses high-profile action days to support daily road policing. Coun Dave Harling, executive member for regeneration at Blackburn with Darwen Council, said: "With police and our partners Capita Symonds we've identified problem areas in the borough and the causes of accidents at those locations.

"We have then put a lot of work into road safety education in schools, community safety schemes, such as mosque marshalling, and young driver courses, and engineering changes to the highway. I'm delighted to see this is paying off with such big reductions in the number of casualties in the borough."

County Coun Tim Ashton, cabinet member for highways, said: "A whole range of activities has contributed towards the reduction in casualties, from education, to safety schemes on the highways."

Rise in recycling

People in Blackburn and Darwen are recycling more than ever. The recycling centre, in George Street West, Blackburn, saw 71per cent of donated waste recycled, and the site in Spring Vale Road, Darwen, saw 80per cent recycled. Coun Faryad Hussain said: "I hope people continue to keep up the good work."

William and Kate heading to E Lancs

ROYAL VISITORS: Prince William and fiancee Kate Middleton on their recent visit to Belfast

By CATHERINE PYE

Prince William and his fiancee Kate Middleton are to visit Blackburn and Darwen in the weeks before their Easter wedding.

Preparations are underway at a number of venues in the borough, and top-level meetings are being carried out over routes and security.

The visit will be one of the last engagements carried out before the couple marry in Westminster Abbey on April 29. Clarence House declined to comment, while the exact date and locations the couple will visit have not been revealed.

But our sister newspaper, the Lancashire Telegraph, understands the pair will come in the weeks before their wedding.

One of the purposes will be to meet young people.

They will go to both towns in the borough.

It has not yet been revealed exactly why they are coming to the area, although the pair are thought to be embarking on a number of visits around the country ahead of their big day.

Blackburn MP Jack Straw said it was 'flattering' the pair had decided to visit.

He said: "It's great news for the whole area and it's very flattering that they are coming to the borough just before their wedding. I hope everybody will be boosted by the news."

Council leader Kate Hollern joked: "It'll be Kate meets Kate! It's quite a coup for us. We are really pleased they have chosen Blackburn with Darwen and we will give them a good traditional welcome to the area. It is wonderful news that the young royal couple can come and see what the North West is about."

Prince William visited Blackburn in May 2008, in his role as president of the FA. He went to St Aidan's School, in Mill Hill, and played a game with pupils.

Miss Middleton has stepped up her public appearances since news of the engagement was announced in November. The couple made their first visit to Northern Ireland last week when they had a go at tossing pancakes on Shrove Tuesday in Belfast. In February, they returned to St Andrew's University, in Scotland, where they first met and fell in love.

Fly-tipping blight

Fly-tippers carrying out 'spring cleans' are dumping dozens of bags of waste in Darwen back streets, claim worried residents.

Items including toys, a vacuum cleaner, mattress, bedroom furniture and packaging were strewn along an alley behind Preston Street last week, as well as between Springfield Street and Alice Street.

Other problem areas are at the rear of Sudell Road and also Garner Street.

SHAME: Coun Eileen Entwistle

Coun Eileen Entwistle said: "It's awful. A real problem. Once one person dumps their rubbish, other people think it's okay to do the same. People don't take pride any more. It's such a shame for the people who have to live there and are confronted with it."

Coun Dave Smith said: "It seems the problem has got worse because the weather has improved.

"People are having a spring clean, but are just shoving things out into the back, rather than clear up properly."

Coun Faryad Hussain, of Blackburn with Darwen Council, said: "Investigations are ongoing and the council will not hesitate to prosecute if sufficient evidence is found. We want to send out a clear message that this will not be tolerated."

Report problems by calling 01254 585921.

Most people who need a hearing aid worry about how it will look, and how much it will cost. At Specsavers, the latest miniature technology means that even those closest to you will notice the improvement in your hearing, but not your hearing aid. As for the cost, we offer outstanding value for money, with our complete digital hearing package from just £495.

Dad completes Gulf triathlon

'INCREDIBLE': Neil Ashworth

By TOM MOSELEY

A Blackburn man completed a gruelling triathlon in near-100 degree temperatures, despite being a self-confessed 'novice'.

Neil Ashworth, 44, had to take swimming lessons, and admitted he had barely ridden a bike since childhood before starting his last-minute training.

But, on Saturday, Neil, who lives in Beardwood, completed the event, in Abu Dhabi, which involved a 1,000metre open-water swim before a 50km cycle and 5km run. He was raising money for Lupus, an illness of the immune system, after his mother died from the condition aged 69.

He said: "It was incredible. The swim was like being in a giant washing machine. The bike was the bit I was most concerned about, but it was not too bad. It was the run that got me, that's when the heat hit home. My legs felt like jelly, but the euphoria of finishing swept me along."

The dad-of-two, who raised £1,800, completed the event in around three-and-a-half hours.

Lancs firefighters in quake mission

By TOM MOSELEY

Six Lancashire firefighters are in Japan helping the rescue operation after the massive earthquake and tsunami which has left thousands dead.

The group, part of the 63-strong UK International Search and Rescue team, arrived at the US Airforce base of Misawa in sub-zero temperatures on Sunday.

After a briefing with counterparts from other countries, the team, which also includes a sniffer dog trained to detect live casualties, was allocated an area to perform a 'methodical sweep' to search for survivors. The Lancashire contingent includes Andy Barnes, a former crew manager at Blackburn and Burnley Fire Stations.

The Oswaldtwistle resident has retired as a firefighter, but continues to take part in search and rescue missions, including last year's trip to Haiti, as a volunteer. Also in the party are Mark Noblet, from Fulwood, Graham Mossop, from Halton, Jim Davison, from Lancaster, Darren Kyle, from Morecambe, and Andy Hayes, from Bamber Bridge.

The UK's team took 11 tonnes of specialist equipment to help in the search for survivors. This includes lifting and cutting equipment and tools which can penetrate reinforced concrete and metal. Specialist listening devices and cameras will help locate trapped casualties. The team can expect to be deployed for 10 to 14 days.

SEARCH: Retired firefighter Andy Barnes. Left, devastation in Japan

Son tells how skyscraper swayed

The dad of a Blackburn man living in Tokyo has spoken of his relief after his son survived the worst quake Japan has ever seen.

John Taylor, 59, of Livesey Branch Road, Blackburn, managed to reach his 32-year-old son, Peter, by email, just hours after the devastating quake.

Peter, who has lived in Tokyo for seven years with his fiancee Nanako Kiyosawa, was at work on the 13th floor of his office building when the quake struck. The mathematician at the Bank of America hid under his desk as the quake hit downtown Tokyo.

John, a press officer for Lancashire Fire Brigade, said: "In his email Peter said the quake caused the skyscraper he was in to sway like a boat. He said it was swaying so much it had made him feel queasy."

Nanako was also at work in a building close to Peter's and is safe and well.

Daisy's role is blooming great!

Actress Daisy Haggard has attracted a cult following with roles in offbeat sitcoms Green Wing, Psychoville and Episodes.

60 SECONDS WITH ... DAISY HAGGARD

EPISODES WAS GREAT, NOT LEAST BECAUSE OF YOUR CHARACTER MYRA. HOW DID YOU GET INVOLVED?

I went for another part originally, and when I was reading the script I kept reading the Myra part. Then I went to audition for her, pulled a strange array of ridiculous faces, and they laughed. It was quite a process.

WHAT WAS THE HARDEST THING ABOUT MAKING EPISODES?

When we were filming I constantly got the giggles because I'd make these noises, some which even surprised me. In the long scene in the first episode with Tamsin (Greig) and Stephen (Mangan) it was a nightmare. It was a really hot room and everyone got the giggles.

HOW WAS IT WORKING WITH MATT LE BLANC ON THE SHOW?

I only did one day with him, but yeah, he's great fun – as you'd expect. I was a bit overexcited. You think, 'Please don't let me say: 'How you doin?' Please let me not be the person that does that.' I was offered so much money to say that from various friends.

WAS IT FUN MAKING DOCTOR WHO EPISODE THE LODGER, WITH JAMES CORDEN?

That was really fun to work on. I had a really different look for that. It was so lovely because it was a sort of a three-hander.

TELL US ABOUT YOUR BRIEF STINT ON THE HARRY POTTER FILMS.

The voice of the lift! The biggest part of my career. I get sent pictures of the lift to sign.

Stamp out damp

Don't just sit there... Let Holland Damp Proofing treat your damp problems

DAMP is a creeping menace that affects thousands of homes across Lancashire.

By KATIE HOLDEN

It rots woodwork and carpets, peels wallpaper and causes fungus and mould growth on walls. As we move into the drier and warmer weather of spring, this is a perfect time to treat the causes of damp. You will give your home a head start on 'drying out': protecting and preserving it for the future.

It is important to tackle the problem because ignoring damp can store up serious problems and also pose potential health risks – especially if you have a medical condition such as asthma or rheumatism.

For years, people have tried to solve damp problems by applying waterproof coatings or injecting walls with chemical solutions. This can involve contractors coming into your home and drilling into brickwork to pump chemicals into the walls – hacking off and replacing plaster inside.

The work can be messy, intrusive and your home will need redecorating once it's been done.

And, despite all this upheaval, there's no guarantee that it will work in the long term. Chemical barriers tend to break down over time, and once this happens – that damp will be back.

Holland Damp Proofing is a breath of fresh air that can permanently rid your home of the scourge of damp.

The idea is simple: draw out the moisture and the damp will disappear!

The Holland Damp Proof System® involves a series of small damp-regulating bricks which neatly fit into specially prepared niches in the external walls of your home, close to the ground.

EXPERT OPINION: Evert de Graaf with one of the damp-regulating bricks that have already been installed in thousands of UK homes.

These cleverly allow air to flow into the brick chambers and out again – circulating airflow through the inside of the wall which evaporates the moisture, drying out the wall and allowing it to breathe. Holland's no-chemicals system is mess-free and as the work is completed from the outside there is no need to replaster.

No chemicals, no mess and no replastering – your property dries out… and stays dry for good. It can be used on most types of wall (including stone) and combines perfectly with cavity wall insulation.

The company prides itself on its high standards of customer service. Holland Damp Proofing's staff handle all aspects of the business and they don't use commission-based sales people.

With thousands of satisfied customers, Holland Damp Proofing is the leading non-chemical damp proofing company in the UK (they don't trade under any other name).

No mess, no problem

Arthur Kendall

ARTHUR KENDALL, from Merseyside, wasn't prepared to put up with mess and disruption when he looked into having a damp proof course fitted. So he contacted Holland Damp Proofing, whose method of installation is mess-free, eco-friendly and is guaranteed for 20 years. Within a day the company's engineers had fitted a damp proof course.

The work took place 10 years ago and the damp hasn't returned. "It's not a problem anymore," says great-grandfather Arthur, 82.

"I must have been one of the first of Holland's customers and they did a great job. They got rid of my damp problem and it didn't come back. That's a good enough recommendation for me."

Stars to headline

Two summer music festivals have announced 2011 event details — and local musicians have the chance to join the line-up at one of them.

The Magic Loungeabout festival sees the Human League and Badly Drawn Boy headline a weekend bill at the event's new home, Broughton Hall, between Barnoldswick and Skipton.

And Todmorden's free music festival, Todstock, held in Vale Park, will once again showcase the best of the UK's DJ and live acts with guest slots available across all the event's 10 tents and stages.

The weekend events join the area's extensive festival line-up for 2011, including Beat-Herder, Darwen Live and the regular blues festivals in Burnley, Colne and now Clitheroe.

The Magic Loungeabout, held on July 30 and 31, has been extended to two days for 2011, with Saturday keeping the festival's electronic pop heritage, while Sunday is acoustic-led.

HITMAKERS: The Human League

Over at Todstock the festival, held on August 6 and 7, will see 10 different stages including the return of Tim Owen presents Terrazza tent hosting the finest in House from the best DJs in Manchester, Leeds and beyond.

■ To apply for a slot at Todstock visit www.getmeonstage.com/festivalinfo/Todstock_2011 For weekend tickets (which include camping) to Magic Loungeabout festival visit www.themagicloungeabout.net

ADVERTORIAL

PUT A SPRING IN YOUR STEP WITH BARRATT MANCHESTER

With more reduced list prices and shared equity schemes available than ever before, you can be sure that Barratt Manchester will bring you all the joys of spring on a range of stunning properties, at a development near you!

Eccleston Park, situated on Pilling lane, boasts a fantastic array of stunning homes, with designs and prices to satisfy all tastes. Whether you are seeking to own your first home or are looking to upsize into a larger family property, you are sure to find the home of your dreams at this fantastic development.

Not only does this development enjoy fabulous countryside surroundings, it also benefits from close city links to Chorley and Manchester and the motorway network. There is a wide range of schools and sixth form colleges to choose from for families moving to the area, as well as plenty of leisure and shopping facilities.

Home of the week at Eccleston Park is plot 71, the one bedroom apartment.

This stylish home features a spacious open plan living and dining area, ideal for relaxing after a long day. This apartment's contemporary kitchen comes fully fitted with brand new units, in a style of your choice. The master bedroom is elegant and has been attractively designed to maximize comfort, making use of the modern, fitted bathroom.

Plot 71 is currently available with a list price of £94,995 and could be yours for a stunning £75,996 when bought in conjunction with Head Start (see below for details).

Also available at Eccleston Park is plot 69, the desirable mid mews Patterdale.

This home features a light and airy open plan lounge and a fully fitted contemporary kitchen complete with oven, hob and extractor fan. The rear garden is accessed via beautiful French doors from the kitchen, which allow even more light into this exquisite home. A storage area, ideal as a cloakroom and extra washroom facilities located within the entrance hall are a convenient addition to the ground floor.

The first floor presents a stunning master bedroom as well as spacious bedrooms two, three and four, which make use of an attractive colour coordinated family bathroom.

With a list price of only £157,995, the Patterdale could be yours for just £126,396 and a deposit of only £7,899 in conjunction with HeadStart.

Barratt Manchester's celebrated Head Start scheme is specifically designed for homebuyers who want to get on the housing ladder as soon as possible but don't have the large deposit required by some lenders. The remaining 15 per cent is covered by an equity loan by Barratt and doesn't have to be repaid for ten years or if your home is sold, whichever comes sooner.

Barratt now fit double glazing and energy efficient heating as standard in all their homes, and you can rest assured as all of their homes come with a ten year NHBC warranty.

Sales Advisor Charlotte will be delighted to discuss with you how easily and affordably you can move into a new Barratt home. The on-site

sales office is open five days a week between 10.30am and 5.30pm and you can call Charlotte now on 07899 958496.

Alternatively you can contact Barratt's Central Sales Team on 0844 811 7799 or visit www.barratthomes.co.uk where you can view 360 degree visual tours of the stunning homes available and find out more information on our amazing range of home buying schemes.

For advice and guidance on your mortgage arrangements please contact Acumen Independent Financial Advisors on 0161 688 1111 seven days a week.

OUR RATE IS GREAT
FINANCE FLAT RATE ONLY 4.5%
WITH A TYPICAL APR OF 8.9%
Before you decide on your financial fate.
Just take a look at our very low rate.
Four and a half per cent flat rate sounds fine.
With an APR of only 8.9
For every grand over four years you borrow.
Only £24-58, to pay back "tomorrow."
No doc fees to be paid on this loan.
Which could be 250 quid,
moan, groan, moan.
Four grand borrowed over 4 year is
£98-32. Times 48,
"Oh i'm sooo good to you!"
